

Trusted technical support for complex oil and gas operations

At ALLSET Industries, we're proud to be the dependable force behind some of the world's most demanding industries.

ALLSET
INDUSTRIES

Oil & gas services we offer

From well service support to E&I maintenance, our team of technicians, engineers, and project specialists delivers hands-on expertise across every stage of your operation, including planning, shutdowns, maintenance, and compliance.

Wherever your assets operate, we're ALLSET to keep them safe, efficient, and fully operational.

E&I service and maintenance

We ensure safe, consistent performance across electrical and instrumentation systems through routine servicing, troubleshooting, and corrective work.

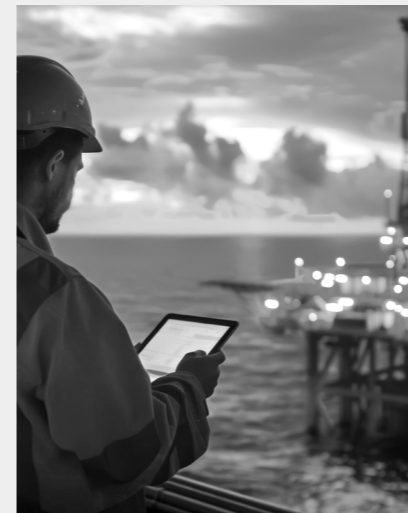

Well service equipment

From handling to operation, we support your well service needs with robust equipment and skilled technicians, ready for complex conditions.

Shutdown campaigns

We manage shutdowns with precision planning and cross-discipline teams, minimising downtime and keeping safety, compliance, and timing on track.

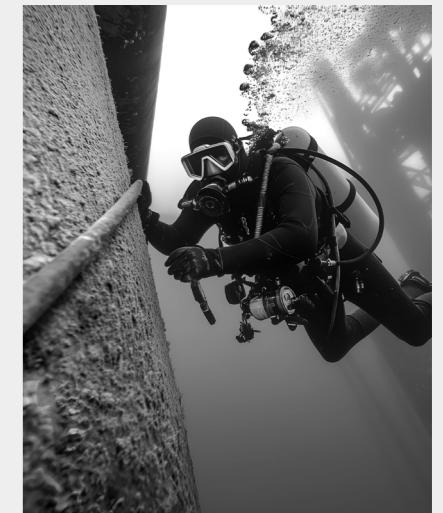

HSE & project management

Our experienced teams lead and support your projects with structured planning and safety-first execution, backed by global standards and local know-how.

Cyber security

We secure your operational technology and control systems against digital threats, helping you stay compliant, protected, and prepared.

Biofouling protection

We apply tailored solutions to reduce marine growth on critical assets, protecting performance and extending lifecycle durability.

Worldwide operations

We bring global insight and local understanding to every challenge, delivering dependable technical expertise with the speed and responsiveness you need to stay ahead.
